Stepping Stones

This is the fourth in a 4-part series of articles explaining the reasons for the next phase of St. Joseph Building Plan. Check the parish website, www.sjfay.com, for pertinent info or to email a question to the Core Team.

Why Parish Life Space?

Lucy has the monumental task of seeing to everyone's various needs for meeting space, and making it look nice. There are receptions for funerals, weddings, holidays and holydays; venues for fundraising; concerts; picnics; guest speakers; coffee & donuts and tamale sales; and much more. Not only do you need a large space for most of these functions, but there is a need for smaller spaces anytime of the day or night. And where do you keep all the tables, chairs, dishes, paper products, table decorations? A dedicated space for just Parish Life storage would be a happy solution to all who utilize this ministry's services. One glance at the calendar and you can see that St. Joseph is a busy, active parish and Parish Life is the glue that holds the many activities together.
