

## ***Our Future Church – GOES HERE!!***

***On January 11, 2017, Bishop Taylor signed the contract; and we closed on the land just north of our parking lot. This will help to choose the best location for our future church!***

A photograph of a man with a beard, wearing black clerical vestments, standing in a grassy field. He is gesturing with his right hand towards a line of black fence posts. In the background, there is a dense line of tall, thin trees under an overcast sky.

***We are thrilled that we have arrived at Phase III of the St. Joseph Master Plan which will complete the relocation of our entire parish—church and school—from Lafayette Street to Starr Drive, on land that was our original home in the 1840s. Our enthusiasm and commitment are high, as we plan for our future church. Together, we begin working through the steps to reach our goal of having a free standing worship space for our parishioners.***
